

Algonquin West Atv Club and Almaguin District Snowmobile Club are partnering in trail upgrading in the Almaguin area

The summer and fall of 2011 seen massive trail upgrades in the Almaguin District Snowmobile Club area as well as Crown land trails that are used jointly by both ATV's in the summer and Snowmobile's in the winter. These trails were financially partnered with the Algonquin West ATV Club as costs were extensive.

The Almaguin District Snowmobile Club would like to thank the Algonquin West Atv Club for there contributions toward these upgrades and look forward to further such joint projects in the future.
